

Ironing Beads

What Sets Us Apart in the Marketplace?

The QUALITY of our BEADS is what sets us apart & we will only put our branding on beads that meet our high standards:-

100% EVA food grade plastics
non-toxic &
biodegradable

We can supply copies of the following safety certificates for our range- EN71, EC, GCC & ASTMS.

Quality & safety always cost a bit more - so pay the difference as the piece of mind that you will receive for supplying your children with creative products good for both them & the environment is priceless.
